Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,  
I OBJECT to the definition of "inordinate amount" which restricts the availability  
and the right to obtain medically necessary compounded medications by limiting  
the number of prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

COMMENTS: My compounded prescription is compounded  
just to meet my needs. My doctor is very well trained  
in this area, and he and many like him know the  
benefits of these medicines. Therefore, the other pharmaceutical  
companies are trying to get these markets. It is obvious  
what is happening. Please do not allow the FDA to  
put a stop to our doctor's choice for use. These  
services of compounded prescriptions are not available to  
me anywhere else. Please do not shut them out  
of helping me.
